### **DISTRESS MANAGEMENT**

At RBOI, we feel it is important to provide care for the whole patient and family, knowing that cancer often causes distress and disruptions in your daily life. The distress thermometer allows you to notify your care team of concerns that are important to you, whether they be emotional needs or practical concerns such as transportation, work, or financial needs.

First, look at the below thermometer and circle the number you feel best describes the amount of distress you have been experiencing recently.

Second, review the checklist below. Please check  if any of these items have been a concern for you.

PRACTICAL CONCERNS WITH:	FAMILY CONCERNS WITH:	EMOTIONAL CONCERNS WITH:	RELIGIOUS/ SPIRITUAL CONCERNS
